Perdue AgriBusiness, LLC	Tappahannock, VA	Buyers Call
Schiff Farms	Harrington, DE	Harvest Delivery

If you want to harvest beans over 14% moisture, we will accept them at the Salisbury Grain terminal using our normal discount schedule at time of harvest. If you have Plenish high oleic soybeans contracted at one of our other locations and want to deliver them at harvest with over 14% moisture, you will have the option to deliver the load to Salisbury so you still receive the premium. We also will pay you the basis difference between your contracted location and Salisbury day of delivery. As our Plenish high oleic soybean program grows in the future, we will expand moisture programs to additional locations. We hope this will offer some of you more flexibility.
